Marcello Valenti

Environmental and Sustainability Manager – Unigrà Srl

Marcello Valenti is Environmental and Sustainability Manager in Unigrà Srl, an Italian food company leader in the refining vegetable oil in South Europe with more than 1000 employees. He coordinates both the environmental monitoring of the plant located in Italy (Emilia-Romagna) and the managing of the sustainability issues of the food supply chain for raw materials and linked products from vegetable oil to margarine and vegetable creams and drinks. He has a long experience in sustainability projects: sustainability reports, life cycle analysis, managing systems, carbon emissions calculations and supply chain certifications.

He often works in network with other companies, Universities, research centers, institutions and associations.
